

Sunset Plaza Drive Pipeline Project

August 28th, 2020 – Project Update

THE FUTURE OF WATER IN LA

Region
Hollywood Hills, CA

Schedule
May 2020 – May 2021

Work Hours
Monday – Friday
9:00 AM – 6:00 PM

Project Description

The Los Angeles Department of Water and Power is currently replacing 1.2 miles of water pipeline along Sunset Plaza Drive. The pipeline project is scheduled from May 2020 to June 2021. As an essential services provider, LADWP is working to ensure water service reliability during the COVID-19 response while practicing recommended health and safety measures to protect our employees and the public.

Construction Update

LADWP Crews have completed Phase 1 from Rising Glen Rd to Sunset Plaza Pl. Crews began Phase 2 and are currently installing pipe between Sunset Plaza Pl to Viewsite Dr. In the event of any leak(s) during the project, LADWP crews may need to close the road to facilitate repairs as safely and quickly as possible.

Phase 1: **COMPLETE**
Phase 2: Aug 2020 – Dec 2020
Phase 3: Dec 2020 – May 2021

Road Closure and Parking

Construction will require road closures at each section during work hours. LADWP crews will work in manageable sections that can be covered at the end of each work day to open the road to traffic. There is no parking allowed within the current work area. Service connections will limit parking and access.
