

Commercial Lighting Incentive Program

The Future Is Bright and Within Your Control

LADWP's Commercial Lighting Incentive Program (CLIP) provides rebates on the installation of newly purchased and installed energy-efficient lighting and controls. CLIP's calculated savings approach allows you to tailor your lighting efficiency upgrades to better meet your lighting needs, attain greater energy savings, and receive higher incentives.

Energy Saving Lighting Measures

- LED Interior Ceiling Mounted, Downlight and Highbay Fixtures
- Exterior LED Pole Mounted and Wallpack Fixtures
- LED Lamp Replacements
- Lighting Controls

Requirements

- Participant must be a LADWP commercial customer in good standing, whose current monthly electrical use (Facilities Charge on bill) is greater than 200 kW.
- Lighting equipment and Network Lighting Controls must be listed on the Design Lights Consortium's (DLC) Qualified Products List in order to qualify, unless otherwise noted.
- Qualifying equipment must have received LADWP approval prior to purchase, installation and operation
- The project must achieve a minimum of 25% energy savings.
- Projects not completed within 120 days of LADWP pre-approval may be cancelled, and reserved rebates returned to the program fund.

Incentive Levels

Incentives are based on the calculated energy savings of each project, with rates ranging from \$0.08-\$0.40 per kilowatt-hour (kWh) of annualized savings.

Projects may be eligible to receive incentives up to 100% of the project cost.
