

Commercial Lighting Incentive Program

Description

LADWP's Commercial Lighting Incentive Program (CLIP) provides rebates on the installation of newly purchased and installed energy-efficient lighting and controls. CLIP's calculated savings approach allows you to tailor your lighting efficiency upgrades to better meet your lighting needs, attain greater energy savings, and receive higher incentives.

Incentive Levels

Incentives are based on the calculated energy savings of each project, with incentives ranging from \$0.08-\$0.24 per kilowatt-hour (kWh) of annualized savings. Incentives now cover up to 100% of the project cost.

Incentive Categories	Incentive Levels as of July 1, 2017
Lighting Fixture Replacement or Retrofit Non-Conforming	\$0.08/kWh
Conforming	\$0.24/kWh
Sensor-Based Controls	\$0.15/kWh
Lamp-Only Retrofits, Interactive Effects, Other	\$0.08/kWh

Energy Saving Lighting Measures

-  LED Interior Ceiling Mounted, Downlight and Highbay Fixtures
